LIGHTNING BROCHURE

@amv_weddings @lusia_studio_photography

Decorative items such as chandeliers have become extremely popular at events..

Their elegance and their ability to transform a place explain this craze. However, with this growing popularity comes the risk of shortages.

@elisemorgan

By planning carefully, you can guarantee that your event will be as spectacular as you imagined.

The most complex event
(to this day!)
19 chandeliers installed in Corsica...

At Jolibazaar, we are offering you a big range of quality lighting, with optional dimmers and batteries.

Our Brand difference

Stability, Solidity, Security

We pay a particular attention to stability during our installations.
Our installation teams are trained and recognized for their professionalism and expertise.

A Combined Service

For a simplified experience, consider bundling your lighting with furniture and tent delivery, allowing you to perfectly coordinate style and optimize the number of people you talk to.

Delivery in France and internationally. Our warehouses are in Aix en Provence and Burgundy

Victoria Tassel Chandeliers

Size L and XL

Optional : Drives and portable batteries

Choosing a crystal chandelier is a surefire way to add a touch of sophistication both outdoors and indoors.

Unlike simple glass or plastic chandeliers, crystal offers an unrivaled sparkle that catches the light beautifully, creating spectacular reflections.

Empire Hot Air Balloon Chandeliers

Size L and XL

Optional : Drives and portable batteries

Stems

For a harmonious appearance, we made champagne-colored poles. This soft, warm shade blends perfectly into the landscape, adding a touch of refinement without being too imposing.

You can also personalize them further with colored socks.

For an optimal effect, the height is adaptable to 2.5m or 3.5m.

Rattan Chandeliers

@jeremie_hkb @chateaumartinay

A natural material that exudes simple elegance and timeless beauty, our rattan chandeliers can be hung from trees to create enchanting lighting, or easily integrated onto our champagne-colored stems.

Indoors, they will transform your reception space into a magical place at nightfall .

To combine with light garlands for an even more spectacular effect.

Nebula Table Lamps

Wireless – H 35cm

They diffuse a soft and welcoming light which helps to create an intimate and romantic atmosphere.

These table lamps can be combined with decorative elements such as flowers, candles or mirrors to create bright centerpieces which will capture the attention of your guests.

Easy to move, the lighting can thus be adjusted according to the needs of each moment of the evening.

String Lights

Black or White Cables

@abbayesainteusebe

@chateaubernier

@delphine.elleetnous

@emmanueldelfabro

@mailysfortunephotoaphy @martad.wedding

These bistro lights are casting a soft, warm glow, creating a welcoming and intimate atmosphere.

This gives a touch of rustic and romantic charm.

Our poles are made of a robust and resistant material like bamboo. This makes it possible to adapt to all locations.

Starry Sky and Light Tunnel
